“What’s My Rule?” with Blocks

Family Note

Your child will complete the tables on this page by drawing tens and ones for 2-digit numbers. More than one picture can be drawn for a number. For example, to show 26, your child might draw 2 tens and 6 ones, 1 ten and 16 ones, or 26 ones. The symbol | stands for 10, and the symbol ■ stands for 1.

Please return this Home Link to school tomorrow.

1. Draw simple pictures of base-10 blocks to complete the table.

Rule
Add 12

In	Out	Out in a Different Way
...
	..	
.....		
.....		

2. Write the rule. Then complete the table.
